

The RECEIPT: Children that Scientology Failed

A powerful list to protest against Scientology.

These are names of children born and/or raised in Scientology who have since left and spoken out against it. It also includes children born and/or raised in Scientology who didn't make it out alive, due to suicide or tragedy.

Created by Liz Gale and debuted February 24, 2024 outside Scientology's Celebrity Center International, the 75-foot scroll was carried around the block by ex-members, survivors and advocates in protest of Scientology's treatment of children throughout its 70 year history.
